The Salton Sea is a saline, endorheic rift lake located directly on the San Andreas Fault in California's Border Region. The lake occupies the lowest elevations of the Salton Sink in the Colorado Desert of Imperial and Riverside Counties in Southern California. Like Death Valley, it is below sea level; currently, its surface is 226 ft (69 m) below sea level. The deepest area of the sea is 5 ft (1.5 m) higher than the lowest point of Death Valley. The sea is fed by the New, Whitewater, and Alamo rivers, as well as agricultural runoff drainage systems and creeks.

The lake covers about 376 sq mi (970 km²), 241,000+/- acres, making it the largest in California. While it varies in dimensions and area with changes in agricultural runoff and rain, it averages 15 mi (24 km) by 35 mi (56 km), with a maximum depth of 52 ft (16 m), giving a total volume of about 7,500,000 acre·ft (9.25 km³), and annual inflows averaging 1,360,000 acre·ft (1.68 km³). The lake's salinity, about 44 g/L, is greater than the waters of the Pacific Ocean (35 g/L), but less than that of the Great Salt Lake; the concentration is increasing by about 1 percent annually.[1]

BE SEDUCED

Interview with Lauren Meiklejohn
National Marketing & PR Manager
at Australian Designer BE SEDUCED

Q. Can you give us a brief history on how the company was started and who are the founders? The Seduce Group was founded in 1995 by siblings Peter and Judy Li. Starting as a wholesale business, demand soon grew for Be Seduced's glamorous and affordable designs, and the first stand-alone Be Seduced store was opened in 1997. The rest is history, with Be Seduced stocked in all of Australia's major department stores, over 200 select retailers and 30 Be Seduced boutiques around Australia.

Q. How did "Be Seduced" become so popular in the Australia? Be Seduced recognized a niche in the fashion industry for an on-trend, well made and well priced fashion label that does not carry the heavy 'designer' price tag. Over the years Be Seduced has become synonymous with fashionable and sexy designs that will turn heads wherever they are worn. The Be Seduced girl loves to stand apart from the rest, and our customer knows when she walks into a store she will find something that will make her shine and feel that extra bit 'special'.

Q. What makes "Be Seduced's" designs stand out from others designers in the market? Whether the Be Seduced girl is at the beach, shopping with friends, out to dinner or heading for the dance floor, Be Seduced has something for everyone. Along with on-trend designs with their own unique edge, Be Seduced's colour palette and prints combined with their well-made designs instantly set them apart from other designers. The Be Seduced customer knows that when she buys a Be Seduced outfit she is buying a garment that is fashionable, quality-driven, and unique.

Q. What are some of the company's more popular designs and why? Be Seduced is renowned for sexy dresses, gorgeous flowing frocks, and cute cami's; tops, pants, and shorts. Be Seduced also embellishes outfits with gorgeous beading, crystals, and diamonds.

Q. Where can you find "Be Seduced" designs in the U.S.? Be Seduced is currently stocked in Macy's West and select boutiques on the east and west coasts.
